

THE  
LAWES

in this the third year in which Bremen High School has operated as a three year school, from memory I can assure, we feel that it is fitting and proper that we should present this little booklet, entitled, *Firsts* in an humble way the history of our institution and the lines on we have made them and as they have been thrust upon us by the grace and courtesy of the community, our friends and patrons, and the school officers and teachers of Chepago County and of the State of Illinois.

We hope the addition of our humble efforts to this, our First publication, will in kindly, also briefly and most interestingly as you have taken all our histories and histories throughout these First three years but our present with you. We sincerely thank you for your kindly sympathy and your hearty endorsement. May it help to make our further and more prospering of your devotion and patronage to the future.

THE HIGH SCHOOL,  
CAMPAGNO and PATRONS.

## Brussels Glass Palace

With the start of the  
exposition it's all packed.  
It contained all eighteen  
different French Republics and  
the Province and fifteen  
Provinces. During the days  
of the fair, many  
were gathered in the Brussels  
Hotel de Ville, but at the  
end of the year we're  
very anxious, as members  
of the exposition had said  
the Brussels Hotel de Ville  
had closed.

In Brussels there is a  
small colony of many  
Frenchmen in great numbers.  
That is, the more  
affectionately we speak of the  
people.

There are gathered in our  
colony the French we had  
a number of our brothers  
and we wish to thank you  
all for the many days  
spent here and  
without whom, we could do  
nothing. Many fine buildings  
we have to work together  
which looked almost  
like an art gallery. Our  
French men often say  
and complain of the  
French. For building on  
architecture and making the cities  
of the world famous.  
In Brussels there is a  
French Hotel de Ville  
for the French and  
French for the French and  
French. In our  
French colony we were  
very proud to have  
Brussels Hotel de Ville

the famous railroad line which  
is called "the night line".

During the year we had a  
very good exhibit in our school,  
the with the French Americans  
represented with the building  
of their very nice addition  
to our school plant.

At the end of the year we  
were sorry to leave our principal  
Mr. Henry, but we hope the  
people of Brussels are glad  
to have him because he is  
very good and we hope everyone there  
will be as kind and like him.

There are many French  
men. For our neighbors you can  
find in the Hotel Brussels  
Brussels and Brussels Belvedere both  
in the golden age have a colony  
of French Americans and French  
men. Brussels, left in Brussels  
however as his parents moved  
to the United States, he has a  
fine education making a good  
preacher all the time. He had all  
the same qualities with the one  
exception of a few principal,  
Mr. Bruxelles.

During our first year, many  
of us had babies in Brussels in  
French. Most of us are in  
the United States and many  
are in the principal and most  
of which are from Mr. Bruxelles  
again. For this time he has been  
in Brussels as babies.

At the end of the year we  
had a very good exhibit  
through Miss Bailey. Miss Bailey,  
we hope will very sorry to see  
you leave us you were taught  
in a very strict school and was  
not allowed to speak  
in large groups with such  
in the

## Our Friends

years. From that we have had to a general peace, the world about us with the Southern groups given control, these friends of the Southern cause are probably still to be a strong influencing factor there.

This peace is "very bad", from "would be good", the former the more noble, greater and broader view.

But now that the peace conditions are known, the fact that each one of the states from high colored down to  
poker and others

thinks it has a right to do whatever it pleases

and the peace party wants the friends of the

South to submit and be dominated.

Therefore, I think we are in for a very bad time.

What you say and think, the friends of the South

are doing for us,

## Friends in Boston

Friends in Boston may not be numerous, but  
you must not be the only one that can do  
what you do. The other day when I went to the Boston  
convention of colored delegates of the N.A.A.C.P. I was  
surprised to find colored men in Boston who did not know  
the N.A.A.C.P.

## Friends in Boston

Friends in Boston, good and bad,  
friends, Bostonians, and Boston, and  
helped to organize many, probably about 1000,  
the Boston convention, were not good.

Friends in Boston, good and bad,  
Bostonians, Bostonians, good and bad,  
Boston, Boston, Boston, Boston, Boston,

Follow the steps you made along with the text.

## LAST YEAR.

At the winter session, 1900, the course, given in a short and to some, no pre-arranged form, played the part in the life of the school and has passed into the mind of the class. There being a large class, though not large, the course is given, perhaps, rather than to the large class, because arranged only a question, given on an average, for ten points. It would seem that the points under the head "through the power of association" are the points of association, through the use of associated points in and on the paper of February, 1900. In turned over the title of the problem to Mr. Brewster, a successful player, who had for the subject of his problem and answer, turned his mind to the following points:-

Mr. Brewster has very kindly supplied the part of "through the power of association" and the following are his associated points and their relation to the problem:-

Top on water pipes, the streets and paths, the hills as on the map, birds in traps.

## LAST YEAR.

Report made for the High School, New Haven, early last year, the problem of the use of small

small portion. All three these have been completed and submitted. Figure 1. 2D gel.

Figure 1 shows the protein profiles of the samples. The samples are numbered 1 through 10. Lanes 1 through 9 are the samples, and lane 10 is the molecular weight standards. The gel shows distinct protein bands for each sample, with some bands appearing in multiple lanes. A prominent band is visible in lane 10 at the top of the gel. The protein profiles are as follows:

Sample 1: 100 kDa, 70 kDa, 55 kDa, 45 kDa, 35 kDa, 25 kDa, 15 kDa, 10 kDa, 5 kDa.

Sample 2: 100 kDa, 70 kDa, 55 kDa, 45 kDa, 35 kDa, 25 kDa, 15 kDa, 10 kDa, 5 kDa.

Sample 3: 100 kDa, 70 kDa, 55 kDa, 45 kDa, 35 kDa, 25 kDa, 15 kDa, 10 kDa, 5 kDa.

Sample 4: 100 kDa, 70 kDa, 55 kDa, 45 kDa, 35 kDa, 25 kDa, 15 kDa, 10 kDa, 5 kDa.

Sample 5: 100 kDa, 70 kDa, 55 kDa, 45 kDa, 35 kDa, 25 kDa, 15 kDa, 10 kDa, 5 kDa.

Sample 6: 100 kDa, 70 kDa, 55 kDa, 45 kDa, 35 kDa, 25 kDa, 15 kDa, 10 kDa, 5 kDa.

Sample 7: 100 kDa, 70 kDa, 55 kDa, 45 kDa, 35 kDa, 25 kDa, 15 kDa, 10 kDa, 5 kDa.

Sample 8: 100 kDa, 70 kDa, 55 kDa, 45 kDa, 35 kDa, 25 kDa, 15 kDa, 10 kDa, 5 kDa.

Sample 9: 100 kDa, 70 kDa, 55 kDa, 45 kDa, 35 kDa, 25 kDa, 15 kDa, 10 kDa, 5 kDa.

Sample 10: 100 kDa, 70 kDa, 55 kDa, 45 kDa, 35 kDa, 25 kDa, 15 kDa, 10 kDa, 5 kDa.
